**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
DIRECTORS' REPORT
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

The Directors of Australian Executor Trustees Limited, the Responsible Entity of the Australian Executor Trustees Cash Deposit Fund, present this report together with the financial statements of the Australian Executor Trustees Cash Deposit Fund ('the Scheme'), for the period ended 11 June 2021 and the auditor's report thereon.

Principal activities

The Scheme is a registered managed investment scheme domiciled in Australia.

The investment activities of the Scheme were in accordance with its Product Disclosure Statement (PDS) up until date of termination.

The Scheme was terminated effective 11 June 2021.

Up until termination, the Scheme invested in unlisted unit trusts and monies that were held as 11 am cash. Investment assets were realised and transferred to cash prior to termination, and all amounts distributed to unitholders upon termination date.

The Scheme did not have any employees during the period.

Responsible Entity

The following persons held office as Directors of Australian Executor Trustees Limited during the period and up to the date of this report:

Ms M. Somerville (Chairman)

Mr R. Mota

Mr J. Selak

Review of operations

The Scheme invested in line with its Product Disclosure Statement up until the date of termination.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
DIRECTORS' REPORT
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

Results

The performance of the Scheme, as represented by the results of its operations, was as follows:

	Year ended	
	1 July 2020 to 11 June 2021 \$	1 July 2019 to 30 June 2020 \$
Operating Profit	190,789	1,842,073
Distributions paid and payable to unitholders	(7,098)	(2,006,773)
Transfers (to)/from net assets attributable to unitholders/Total comprehensive income	<u>(183,691)</u>	<u>164,700</u>
Profit/(loss) for the year	<u><u>-</u></u>	<u><u>-</u></u>

Management costs

The management fees for the period ended 11 June 2021 were 1.03% per annum (inclusive of GST and expected reduced input tax credits) of the Scheme's net asset value. The management fees were then reduced monthly by the management fee rebates. The fees were accrued daily and paid monthly and were incorporated into the daily unit price of the Scheme. The management costs calculation includes fees charged to the Scheme during the financial year, including those charged by the Responsible Entity directly for the management of the assets.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
DIRECTORS' REPORT
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

Significant changes in the state of affairs

The Scheme was approved to be terminated by a Board Resolution passed on 28 April 2021. The termination was finalised on 11 June 2021 and as a result of the termination, the financial statements of the Scheme have been prepared on a basis other than a going concern.

Other than what has been disclosed above, there has been no other significant change in the Scheme's state of affairs for the financial period 1 July 2020 to 11 June 2021.

Matters subsequent to the end of the period

As the Scheme was wound up, there was no matters subsequent to the end of the period.

Indemnification and insurance of officers and auditor

There is a Directors' and Officers' insurance policy which indemnifies the Directors and Officers of Australian Executor Trustees Limited against liabilities to persons outside Australian Executor Trustees Limited that arise out of the performance of their normal duties. The premiums have not been paid for out of the assets of the Scheme. The auditor of the Scheme is in no way indemnified out of the assets of the Scheme.

Fees paid to and interests held in the Scheme by the Responsible Entity or its Related Parties

Details of fees paid to the Responsible Entity during the period are disclosed in Note 4 of the financial statements.

No fees were paid out of the Scheme's property to the Directors of the Responsible Entity during the period.

The interests in the Scheme held by the Responsible Entity or its related parties during the period are disclosed in Note 4 of the financial statements.

Interests in the Scheme

The Scheme had total assets valued at \$Nil as at 11 June 2021 (2020:\$561,576,617). The basis for valuation of the Scheme's assets is disclosed in Note 2 of the financial statements.

Details of movements in net assets attributable to unitholders and total units on issue are disclosed in Note 6 of the financial statements.

Environmental regulation

The operations of the Scheme are not subject to any significant environmental regulation under a Commonwealth, State or Territory law.

Lead auditor's independence declaration

The lead auditor's independence declaration, as required under section 307C of the *Corporations Act 2001*, is set out on Page 6 and forms part of the Directors' Report for the period ended 11 June 2021.

Signed in accordance with a resolution of the Directors of Australian Executor Trustees Limited.

On behalf of the Directors,

Ms M. Somerville
Director

Melbourne, 20 August 2021

Lead Auditor's Independence Declaration under Section 307C of the Corporations Act 2001

To the Directors of Australian Executor Trustees Limited

I declare that, to the best of my knowledge and belief, in relation to the audit of The Cash Deposit Fund for the period ended 11 June 2021 there have been:

- i. no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- ii. no contraventions of any applicable code of professional conduct in relation to the audit.

KPMG

Independent Auditor's Report

To the unitholders of Australian Executor Trustees Cash Deposit Fund

Opinion

We have audited the **Financial Report** of Australian Executor Trustees Cash Deposit Fund (the Scheme).

In our opinion, the accompanying **Financial Report** of the Scheme is in accordance with the *Corporations Act 2001*, including

- giving a true and fair view of the Scheme's financial position as at 11 June 2021, and of its financial performance and its cash flows for the period ended on that date; and
- complying with *Australian Accounting Standards* and the *Corporations Regulations 2001*.

The **Financial Report** comprises the:

- Statement of financial position as at 11 June 2021;
- Statement of comprehensive income, Statement of changes in equity, and Statement of cash flows for the period ended 11 June 2021;
- Notes including a summary of significant accounting policies; and
- Directors' Declaration.

Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Scheme in accordance with the *Corporations Act 2001* and the relevant ethical requirements of the *Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code). We have fulfilled our other ethical responsibilities in accordance with the Code.

Emphasis of matter – Basis of preparation

We draw attention to Note 2(a) to the Financial Report, which indicates that the Financial Report has been prepared on a basis other than going concern as the Scheme was terminated on 11 June 2021. The Scheme is no longer considered a going concern. Our opinion is not modified in respect of this matter.

Other Information

Other Information is financial and non-financial information in the Scheme's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors of Australian Executor Trustees Limited (the Responsible Entity) are responsible for the Other Information.

- 7 -

KPMG, an Australian partnership and a member firm of the KPMG global organisation of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. All rights reserved. The KPMG name and logo are trademarks used under license by the independent member firms of the KPMG global organisation. Liability limited by a scheme approved under Professional Standards Legislation.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information.

In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

Responsibilities of the Directors for the Financial Report

The Directors of Australian Executor Trustees Limited (the Responsible Entity) are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*;
- implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- assessing the Scheme's ability to continue as a going concern and whether the use of the going concern basis of accounting is appropriate. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Scheme or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Financial Report.

A further description of our responsibilities for the Audit of the Financial Report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our Auditor's Report.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
DIRECTORS' DECLARATION
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

The Directors of Australian Executor Trustees Limited, the Responsible Entity of the Australian Executor Trustees Cash Deposit Fund ('the Scheme') declare that:

- (a) the financial statements and notes set out on pages 10 to 29 are in accordance with the *Corporations Act 2001*, including:
- (i) complying with Australian Accounting Standards and the *Corporations Regulations 2001*; and
 - (ii) giving a true and fair view of the Scheme's financial position as at 11 June 2021 and of its performance for the period ended on that date;
- (b) the financial report also complies with International Financial Reporting Standards as disclosed in Note 2(a).

This declaration is made in accordance with a resolution of the Directors of Australian Executor Trustees Limited.

On behalf of the Directors,

Ms M. Somerville
Director

Melbourne, 20 August 2021

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 1: GENERAL INFORMATION

This financial report covers Australian Executor Trustees Cash Deposit Fund ('the Scheme') as an individual entity. The Scheme was a registered managed investment scheme under the *Corporations Act 2001*. The Scheme commenced operations on 1 June 1988. The financial statements are for the financial period ended 11 June 2021 and are the final set of financial statements upon termination.

The Responsible Entity of the Scheme is Australian Executor Trustees Limited. The Responsible Entity's registered office is Level 6, 161 Collins Street, Melbourne, Victoria, 3000. The Responsible Entity's ABN number is 80 007 869 794.

The financial statements were authorised for issue by the Directors on 20 August 2021. The Directors of the Responsible Entity have the power to amend and reissue the financial report as considered necessary under the Scheme's Constitution.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of this financial report are set out below. These policies have been consistently applied for all period presented, unless otherwise stated in the following text:

(a) Basis of preparation

The financial report is a general purpose financial report for the period ended 11 June 2021 which has been prepared in accordance with Australian Accounting Standards (AASBs) adopted by the Australian Accounting Standards Board (AASB) and the *Corporations Act 2001*. The financial report of the Scheme complies with International Financial Reporting Standards (IFRS) and interpretations adopted by the International Accounting Standards Board (IASB).

As at reporting date, the financial statements have been prepared on a basis other than a going concern, which is a realisation basis, as the Scheme was terminated on 11 June 2021. In the comparative period, the financial statements had been prepared on the historical costs basis except for financial instruments held at fair value through profit and loss, which are measured at fair and financial liabilities, other than those held at fair value through profit or loss, which are measured at amortised cost.

(b) Financial instruments

(i) Recognition, derecognition and initial measurement

The Scheme initially recognises financial assets and financial liabilities at fair value through profit or loss on the trade date, which is the date on which the Scheme becomes a party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognised on the date on which they are originated.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Financial instruments (Continued)

(ii) Classification and subsequent measurement

On initial recognition, the Scheme classifies financial assets as measured at amortised cost or fair value through profit or loss.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at fair value through profit or loss:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest.

All other financial assets of the Scheme are measured at fair value through profit or loss.

Business model assessment

In making an assessment of the objective of the business model in which a financial asset is held, the Scheme considers all of the relevant information about how the business is managed, including:

- the documented investment strategy and the execution of this strategy in practice. This includes whether the investment strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Scheme's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how the investment manager is compensated: e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

The Scheme has determined that it has two business models.

- **Held to collect business model:** this includes cash and cash equivalents, term deposits, balances due from brokers and receivables from reverse sale and repurchase agreements. These financial assets are held to collect contractual cash flow.
- **Other business model:** this includes debt securities, equity investments, investments in unlisted open-ended investment Schemes, unlisted private equities and derivatives. These financial assets are managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

Financial assets are not reclassified subsequent to their initial recognition unless the Scheme were to change its business model for managing financial assets, in which case all affected financial assets would be reclassified on the first day of the first reporting period following the change in the business model.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(b) Financial instruments (Continued)

Subsequent measurement of financial assets

Financial assets at fair value through profit or loss

These assets are subsequently measured at fair value. Net gains and losses arising from changes in the fair value of the financial assets at fair value through profit or loss are recognised as 'net gains/(losses) on financial instruments held at fair value through profit or loss' in the statement of comprehensive income.

Debt securities, equity investments, investments in unlisted open ended investment Schemes, unlisted private equities and derivative financial instruments are included in this category.

Financial assets at amortised cost

These assets are subsequently measured at amortised cost using the effective interest method. Interest income is recognised in 'interest income from financial assets at amortised cost', foreign exchange gains and losses are recognised in 'net foreign exchange loss' and impairment is recognised in 'impairment losses on financial instruments' in the statement of comprehensive income. Any gain or loss on derecognition is also recognised in profit or loss.

Cash and cash equivalents, balances due from brokers, term deposit and receivables from reverse sale and repurchase agreements are included in this category.

Financial liabilities – Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or fair value through profit and loss.

A financial liability is classified as at fair value through profit and loss if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at fair value through profit and loss are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Financial liabilities at fair value through profit and loss:

- Held for trading: securities sold short and derivative financial instruments.

Financial liabilities at amortised cost:

- This includes balances due to brokers, payables under sale and repurchase agreements and redeemable shares.

(iii) Fair value measurement

'Fair value' is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Scheme has access at that date. The fair value of a liability reflects its non-performance risk.

When available, the Scheme measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. The Scheme measures instruments quoted in an active market at a mid price, because this price provides a reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Scheme uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

The Scheme recognises transfers between levels of the fair value hierarchy as at the end of the reporting period during which the change has occurred.

The following represent the basis for valuation of financial assets and liabilities designated at fair value through profit or loss for financial reporting purposes:

Units in Unlisted Managed Investment Schemes

The fair value of units in unlisted managed investment schemes is the NAV price per unit on the last day of the period, as determined by the Schemes' Responsible Entity. The NAV price is calculated by deducting the liabilities of the Scheme from the gross assets of the Scheme, less an allowance for disposal costs.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(c) Foreign currency translation

Functional and presentation currency

Items included in the Scheme's financial statements are measured using the currency of the primary economic environment in which it operates (the 'functional currency'). This is the Australian dollar, which reflects the currency of the economy in which the Scheme competes for funds and is regulated. The Australian dollar is also the Scheme's presentation currency.

(d) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders.

The units can be put back to the Scheme at any time for cash based on the redemption price, which is equal to a proportionate share of the Scheme's net asset value attributable to the unitholders.

The units are carried at the redemption amount that is payable at balance sheet date if the holder exercises the right to put the units back to the Scheme. This amount represents the expected cash flows on redemption of these units.

Units are classified as equity when they satisfy the following criteria under AASB 132 *Financial instruments*:

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Scheme's liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Scheme, and it is not a contract settled in the Scheme's own equity instruments; and
- the total expected cash flows attributable to the puttable financial instrument over the life are based substantially on the profit or loss.

(e) Cash and cash equivalents

Cash comprises current deposits with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to a known amount of cash, are subject to an insignificant risk of changes in value, and are held for the purpose of meeting short term cash commitments rather than investment or other purposes. Bank overdrafts are shown in current liabilities on the Statement of Financial Position, but are included within cash and cash equivalents for cash flow purposes.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(f) Investment income and expenses

Interest income and expense from financial assets at amortised cost is calculated on an effective interest basis and includes interest from cash and cash equivalents and interest from term deposits. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

Interest income from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities.

Dividend income relating to exchange-traded equity instruments is recognised in the Statement of Comprehensive Income on the ex-dividend date with any related foreign withholding tax recorded as an expense. Dividends declared on securities sold short is accrued on the ex-dividend date and are recognised as a dividend in the Statement of Comprehensive Income. Income distributions from private equity investments and other managed investment schemes are recognised in the Statement of Comprehensive Income as trust distribution income when declared.

In some cases, the Scheme may receive or choose to receive dividends or distributions in the form of additional shares/units rather than cash. In such cases, the Scheme recognises the dividend or distribution income for the amount of the cash/dividend alternative with the corresponding debit treated as additional investments.

All expenses, including Responsible Entity fees and investment management fees, are recognised in the Statement of Comprehensive Income on an accrual basis.

(g) Distributions

Distributions are payable as set out in the Scheme's Product Disclosure Statement. Distributions are determined by the Responsible Entity in accordance with the Scheme's Constitution and applicable tax legislation. Distributable income includes realised capital gains on the disposal of financial instruments held at fair value through profit and loss and those held for trading. Unrealised gains and losses on these instruments recognised in net income are transferred to net assets attributable to unitholders and are not assessable and distributable until realised. Capital losses are not distributed to unitholders but are retained in the Scheme to be offset against future realised capital gains. If capital gains exceed realised capital losses, the excess is distributed to unitholders.

The benefits of imputation credits and foreign taxes paid are passed on to unitholders.

The Scheme currently incurs withholding tax imposed by certain countries on investment income. Income that is subject to such tax is recognised gross of the taxes and the corresponding withholding tax is recognised as tax expense.

(h) Receivables

Receivables may include amounts for dividends, interest and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the reporting date from the time of last payment in accordance with the policy set out in Note 2(f). Amounts are generally received within 30 days of being recorded as receivables.

Amounts due from brokers which represent receivables that have been contracted for but not yet delivered by the end of the year are included in receivables. Trades are recorded on trade date and normally settled within two business days. Amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Scheme shall measure the loss allowance on receivables at an amount equal to the lifetime expected credit losses subject to a significant increase in credit risk since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the loss allowance is measured on a 12-month expected credit loss basis. Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are considered indicators that a loss allowance should be recognised. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

The amount of the impairment loss is recognised in profit or loss within other expenses. When a trade receivable for which an impairment allowance had been recognised becomes uncollectable in a subsequent period, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against other expenses in profit or loss.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(i) Payables

Payables includes liabilities and accrued expenses owing by the Scheme which are unpaid as at the reporting date. Amounts due to brokers which represents payables for securities purchased that are unsettled at reporting date are included in payables.

The distribution amount payable to unitholders as at the reporting date is recognised separately on the Statement of Financial Position as unitholders were presently entitled to the distributable income under the Scheme's Constitution.

(j) Applications and redemptions

Applications received for units in the Scheme are recorded net of any entry fees payable prior to the issue of units in the Scheme.

All redeemable units issued by the Scheme provide the investors with the right to require redemption for cash and give rise to a financial liability. In accordance with the Product Disclosure Statement, the Scheme is contractually obliged to redeem units at redemption price, which includes an allowance for transaction costs that would be incurred by the Scheme on disposal of its assets required to fund the redemptions. As a result of the transaction cost factor, there will be a difference between the carrying amount of the net assets of the Scheme (excluding the unitholders' funds classified as a financial liability) and the contractual amount payable to unitholders, which is based on the redemption price.

(k) Unit prices

The unit price is based on unit price accounting outlined in the Scheme's Constitution and Product Disclosure Statement.

(l) Goods and services tax (GST)

Management fees, custodial fees and other expenses are recognised net of the amount of GST recoverable from the Australian Taxation Office (ATO) as a reduced input tax credit (RITC). Payables are stated with the amount of GST included. The net amount of GST recoverable from the ATO is included in receivables in the Statement of Financial Position. Cash flows relating to GST are included in the Statement of Cash Flows on a gross basis.

(m) Use of estimates

The preparation of the financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis and, revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

For the majority of the Scheme's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example, over-the-counter derivatives or unquoted securities are fair valued using other valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Where investments are held at Level 3, models use observable market data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For certain other financial instruments, including amounts due from/to brokers and accounts payable, the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments.

Note 8 Financial Instruments contains information about the estimation of fair values of financial instruments.

(n) Margin accounts

Margin accounts comprise cash held as collateral for derivative transactions. The cash is held by the broker and is only available to meet margin calls.

(o) Offsetting

Financial assets and liabilities are offset and the net amount presented in the Statement of Financial Position when, and only when, the Scheme has a legal right to offset the amounts and it intends either to settle on a net basis or realise the asset and settle the liability simultaneously.

Income and expenses are presented on a net basis only when permitted under AASBs, e.g. for gains and losses arising from a group of similar transactions, such as gains and losses from financial instruments at fair value through profit and loss.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(p) Changes in accounting policies

There were no changes in the accounting policies of the Scheme during the year.

(q) New and amended accounting standards adopted by the Scheme

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year commencing on 1 July 2020 that have a material impact on the amounts recognised in prior periods or will affect the current or future periods.

(r) New standards and interpretations not yet effective

Certain new accounting standards and interpretations had been published that were not mandatory for the 11 June 2021 reporting period and were not early adopted by the Scheme. Given the wind up of the Scheme there was no impact of these standards.

NOTE 3: INTEREST INCOME FROM FINANCIAL ASSETS AT AMORTISED COST

NOTE 4: RELATED PARTY DISCLOSURES

Responsible Entity

The Responsible Entity of the Australian Executor Trustees Cash Deposit Fund is Australian Executor Trustees Limited.
The ultimate controlling entity of Australian Executor Trustees Limited is IOOF Holdings Ltd.

Key management personnel

Key management personnel include persons who are Directors of Australian Executor Trustees Limited during the reporting period up to the date of this report:

Ms M. Somerville (Chairman)

Mr R. Mota

Mr J. Selak

Responsible Entity fees and other transactions

	Period ended	
	1 July 2020 to 11 June 2021 \$	1 July 2019 to 30 June 2020 \$
Responsible Entity fees Australian Executor Trustees Limited	1,671,791	5,721,855

Under the terms of the Scheme's Constitution, the Responsible Entity, Australian Executor Trustees Limited, is entitled to receive a maximum management fees of 1.03% of average daily net asset value per annum. The management fee charged by the Responsible Entity for the period was 1.03 % per annum (2020: 1.03%) before management fee rebates. The management fee charged by the Responsible Entity for the year was \$1,671,791 after management fee rebates.

All related party transactions are conducted on normal commercial terms and conditions.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 4: RELATED PARTY DISCLOSURES (Continued)

Key management personnel compensation

Key management personnel are remunerated by IOOF Service Co Pty Ltd, a related party of Australian Executor Trustees Limited. Payments made from the Scheme to Australian Executor Trustees Limited do not include any amount that is directly attributable to key management personnel remuneration.

Key management personnel loan disclosures

The Scheme has not made, guaranteed or secured, directly or indirectly, any loans to the key management personnel or their personally related parties at any time during the reporting period.

Other transactions within the Scheme

Apart from those details disclosed in this Note, no key management personnel have entered into a material contract with the Scheme since the end of the previous financial year and there were no material contracts involving Directors interests subsisting at period end.

Key Management Personnel Unitholdings

As at 11 June 2021 and 30 June 2020, no Directors of the Responsible Entity held units in the Scheme.

NOTE 5: DISTRIBUTIONS PAID AND PAYABLE

The distributions were paid/payable as follows:

	1 July 2020 to 11 June 2021		Year ended 1 July 2019 to 30 June 2020	
	\$	CPU	\$	CPU
31 July paid	1,384	-	421,351	0.07
31 August paid	786	-	340,117	0.05
30 September paid	-	-	230,805	0.04
31 October paid	4,922	0.01	211,515	0.03
30 November paid	-	-	174,145	0.03
31 December paid	-	-	116,037	0.02
31 January paid	-	-	192,039	0.03
28 February paid	6	-	137,651	0.02
31 March paid	-	-	160,761	0.03
30 April paid	-	-	20,746	-
30 June final payable	-	-	1,606	-
	<u>7,098</u>	<u>0.01</u>	<u>2,006,773</u>	<u>0.32</u>

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 6: NET ASSETS ATTRIBUTABLE TO UNITHOLDERS

Movements in number of units and net assets attributable to unitholders during the period were as follows:

	11 June 2021		30 June 2020	
	No. of units	\$	No. of units	\$
Opening balance	561,765,927	561,576,617	574,378,291	574,353,682
Applications	2,153,106,003	2,153,106,003	2,123,214,255	2,123,214,255
Redemptions	(2,714,866,311)	(2,714,866,311)	(2,135,826,619)	(2,135,826,619)
Total comprehensive income	<u>(5,619)</u>	<u>183,691</u>	<u>-</u>	<u>(164,701)</u>
Closing balance	<u>-</u>	<u>-</u>	<u>561,765,927</u>	<u>561,576,617</u>

As stipulated within the Scheme's Constitution, each unit represents a right to an individual share in the Scheme and does not extend to a right to the underlying assets of the Scheme. There are no separate classes of units and each unit has the same rights attached to it as all other units of the Scheme. Units are issued and redeemed at the unitholder's option at prices based on the value of the Scheme's net assets at the time of issue/redemption less transaction costs.

Capital risk management

The Scheme managed its net assets attributable to unitholders (including distribution payable) as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Scheme is subject to daily applications and redemptions at the discretion of unitholders.

The Scheme monitored the level of daily applications and redemptions relative to the liquid assets in the Scheme. During the period, the Scheme's strategy was to ensure that there was no significant exposure to illiquid or thinly traded financial instruments.

NOTE 7: FINANCIAL ASSETS HELD AT FAIR VALUE THROUGH PROFIT OR LOSS

	11 June 2021	30 June 2020
	\$	\$

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 8: FINANCIAL INSTRUMENTS

Carrying amount versus fair values

The fair value of financial assets and financial liabilities approximates their carrying amounts in the Statement of Financial Position.

Fair value hierarchy

The Scheme's accounting policy on fair value measurements is discussed in Note 2.

The Scheme measured fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities that the Scheme can access at measurement date.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs not based on observable data and the unobservable inputs have a significant effect on the instruments valuation.

The table below analyses financial instruments measured at fair value at 30 June 2020 by the level in the fair value hierarchy into which the fair value measurement is categorised. As the Scheme was wound up, there was no fair value hierarchy at 11 June 2021.

30 June 2020	Level 1 \$	Level 2 \$	Level 3 \$	Total \$
Financial assets at fair value through profit or loss:				
Units in unlisted unit trusts	-	499,525,073	-	499,525,073
	<u>-</u>	<u>499,525,073</u>	<u>-</u>	<u>499,525,073</u>

The valuation of unlisted unit trust included in Level 2 was based on the daily net asset value of the managed investment scheme provided by the investment manager.

The Scheme recognises transfers between levels of the fair value hierarchy as of the end of the reporting period during which the transfer has occurred. There were no transfers between levels of the fair value hierarchy during the period ended 11 June 2021 and 30 June 2020.

NOTE 9: FINANCIAL RISK MANAGEMENT

Strategy in using financial instruments

The Scheme is exposed to a variety of financial risks: credit risk, liquidity risk and market risk (including price risk and interest rate risk) arising from the financial instruments it holds.

The Scheme's overall risk management program focuses on ensuring compliance with the Scheme's governing documents and seeks to maximise the returns derived for the level of risk to which the Scheme is exposed. As part of their risk management strategy, the Scheme may also utilise a range of derivative financial instruments to manage certain risk exposures.

The Responsible Entity via the Investment Manager assesses the risk profile before entering into economic hedge transactions. The effectiveness of all hedge relationships is monitored by the Investment Manager (based on economic consideration rather than IFRS hedge accounting conditions) on a daily basis.

More details about risk management policies employed by the Scheme to manage financial risks are discussed below.

AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND

NOTES TO THE FINANCIAL STATEMENTS

FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021

NOTE 9 : FINANCIAL RISK MANAGEMENT (Continued)

Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Scheme, resulting in a financial loss to the Scheme.

The Scheme was exposed to concentrations of risk when a number of financial instruments or contracts are entered into with the same counterparty, or where a number of counterparties are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

Concentrations of credit risk are minimised primarily by:

- ensuring counterparties, together with the respective credit limits, are approved; and
- ensuring that transactions are undertaken with a large number of counterparties (either directly or indirectly).

The Scheme's Responsible Entity also managed credit risk by ensuring that a diversified portfolio of securities is held and that the Scheme did not invest in securities that are considered to be rated sub investment grade by a recognised rating agency.

The Scheme had a concentrations of credit risk exposure to counterparties in the banking sector. As the Scheme was wound up, there was no credit risk at 11 June 2021. The total exposure to the banking sector was \$51,692,615 at 30 June 2020. No one counterparty was individually greater than 10% of the total Scheme assets.

As at 11 June 2021 and 30 June 2020, there are no financial assets that are past due or impaired, or would otherwise be past due or impaired except for the terms having been renegotiated.

The Scheme determined credit risk and measured expected credit losses for financial assets measured at amortised cost using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward looking information in determining any expected credit loss. At 11 June 2021 and 30 June 2020, all receivables, amounts due from brokers, cash and short-term deposits are held with counterparties and are either callable on demand or due to be settled within 1 week. Management considered the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be holly insignificant to the Scheme.

Credit risk was not considered to be significant to the Scheme except in relation to investments in debt securities. The Scheme does not have any investments in debt securities at 11 June 2021 and 30 June 2020.

In accordance with the Scheme's policy, the Responsible Entity via the Investment Manager monitors the Scheme's credit position on a continuous basis.

Liquidity and cash flow risk

Liquidity risk is the risk that the Scheme will encounter difficulty in meeting obligations arising from its financial liabilities that are settled by delivering cash or another financial asset, or that such obligations will have to be settled in a manner disadvantageous to the Scheme. Cash flow risk is the risk that the future cash flows derived from holding financial instruments will fluctuate.

The risk management guidelines adopted are designed to minimise liquidity and cash flow risk through:

- ensuring that there is no significant exposure to illiquid or thinly traded financial instruments; and
- applying limits to ensure there is no concentration of liquidity risk to a particular counterparty or market.

In accordance with the Scheme's policy, the Responsible Entity via the Investment Manager monitored the Scheme's liquidity position on a continuous basis.

Financial liabilities of the Scheme comprise distributions payable, other payables, and net assets attributable to unitholders. Distributions payable and other payables have no contractual maturities but are typically settled within 30 days. Net assets attributable to unitholders are payable on demand. As the Scheme was wound up, there was no liquidity or cash flow risk at 11 June 2021.

Market risk

Market risk is the risk that the changes in market price such as foreign exchange rates, interest rates, equity prices and credit spreads will affect the Scheme's income or the fair value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 9 : FINANCIAL RISK MANAGEMENT (Continued)

The Scheme's Responsible Entity aimed to reduce market risk through analysis of the economic cycle and broad research of companies and markets, which may impact the Scheme's investments. In addition, the Responsible Entity, within asset allocation ranges, reduces exposure to sectors they perceive to be overvalued in favour of sectors which they believe have the prospect of better relative returns.

In accordance with the Scheme's policy, the Responsible Entity via the Investment Manager monitors the Scheme's market risk on a continuous basis.

As the Scheme was wound up, there was no market price risk at 11 June 2021.

The effect on the net assets attributable to unitholders and profit or loss due to a reasonably possible change in market factors, as represented by the market index, with all other variables held constant is indicated in the table below.

30 June 2020	Change in price		Effect on net assets attributable to unitholders and profit or loss	
	Increase	Decrease	Increase	Decrease
Market Index	%	%	\$	\$
Bloomberg AusBond Bank Bill Index	2	(1)	8,049,463	(4,259,899)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Scheme's financial instruments will fluctuate as a result of changes in market interest rates.

The Responsible Entity established interest rate management strategies to manage the risk of the Scheme. This included managing exposures around the benchmark and hedging exposures through the use of derivatives.

In accordance with the Scheme's policy, the Responsible Entity via the Investment Manager monitored the Scheme's overall interest sensitivity position on a continuous basis.

Interest rate risk was not considered to be significant to the Scheme except in relation to investments in interest bearing securities. The Scheme does not hold any investments in interest bearing securities at 30 June 2020. As the Scheme was wound up, there was no interest risk at 11 June 2021.

**AUSTRALIAN EXECUTOR TRUSTEES CASH DEPOSIT FUND
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 1 JULY 2020 TO 11 JUNE 2021**

NOTE 10: INVOLVEMENT WITH UNCONSOLIDATED STRUCTURED ENTITIES

Investments in unlisted unit trusts, which are considered structured entities, are disclosed in Note 7. The maximum exposure to loss in the structured entities is the fair value disclosed in the Note. The fair value of the exposure will change on a daily basis throughout the period and in subsequent periods and will cease once the investments are disposed of.

The investments of the Scheme were managed in accordance with the investment mandates with the respective underlying Investment Managers. The investment decisions of the Scheme were based on the analysis conducted by the Investment Manager. The return of the Scheme is exposed to the variability of the performance of the underlying investment strategies. The underlying Investment Managers receive a management fee for undertaking the management of these investments.

As at 11 June 2021 and 30 June 2020, the Scheme has not imposed any significant restrictions (e.g. borrowing arrangements, regulatory requirements or contractual arrangements) on the ability of any unconsolidated structured entity to transfer funds to the Scheme in the form of dividends or to repay loans or advances made to any unconsolidated structured entity by the Scheme.

As at 11 June 2021 and 30 June 2020, the Scheme did not have any current commitments or intentions to provide financial or other support to any unconsolidated structured entity, including commitments or intentions to assist the structured entity in obtaining financial support.

NOTE 11: RECONCILIATION OF PROFIT/(LOSS) TO NET CASH INFLOW/(OUTFLOW) FROM OPERATING ACTIVITIES

(a) Cash and cash equivalents

	11 June 2021	30 June 2020
	\$	\$
Deposits at call	-	51,692,615
	<u>-</u>	<u>51,692,615</u>

(b) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	Period ended	
	1 July 2020	1 July 2019
	to	to
	11 June 2021	30 June 2020
	\$	\$
Increase/(decrease) in net assets attributable to unitholders	183,691	(164,700)
Distributions to unitholders	7,098	2,006,773
Proceeds from the sale of financial instruments held at fair value through profit or loss	629,523,335	170,000,000
Payments for the purchase of financial instruments held at fair value through profit or loss	(119,998,263)	(160,000,000)
Decrease/(increase) in receivables	<u>358,930</u>	<u>695,291</u>
Net cash inflow/(outflow) from operating activities	<u>510,074,791</u>	<u>12,537,364</u>

Non-distributable income is included in net assets attributable to unitholders. The change in this amount each year (as reported in (b) above) represents a non-cash financing cost as it is not settled in cash until such time as it becomes distributable (i.e taxable).
